Dear Mr. Brill:

RE: Notice of Termination (NOT) of Coverage under the Industrial
Stormwater General PermitPermit Number: SO3000206
Facility/Site Name: Longview Fibre Paper and Packaging, Inc.
Address: 5901 East Marginal Way South
Seattle, WA (King County)

The Washington Department of Ecology has reviewed your Notice of Termination (NOT) of coverage under the Industrial Stormwater General Permit for the subject facility. Based upon your letter dated May 15, 2008, we are terminating your coverage under the permit as of May 15, 2008, for the following reason(s):

Longview Fibre Paper and Packaging, Inc., has been granted a conditional no exposure certificate.

You must retain the Stormwater Pollution Prevention Plan (SWPPP) and copies of all notices of intent, reports on inspections, spill reports, and all other reports required by this permit for at least three years from the date of the report or submission. You must make them available upon request.

Please be aware that you are still responsible for compliance with other water quality laws and regulations, such as ground and surface water quality standards. Therefore, you should continue to take measures to reduce the potential for surface water or ground water pollution at your facility.

As required by State law (RCW 90.48.465), Ecology charges a fee for its discharge permits. Although your permit coverage is terminated, you will receive a bill for the time period you had the permit.

If you would like more information on the fee process, please call Bev Poston at (360) 407-6425 or send email to bpos461@ecy.wa.gov.

If you have questions concerning this decision, please call Josh Klimek at (360) 407-7451 or send email to jokl461@ecy.wa.gov.

Sincerely, .
